SENIOR LIVING SERVICES

*Making a Difference
in the Lives of Seniors*

A Nonprofit, Community-Focused Mission

For more than 40 years we have successfully served the needs of Southern Maryland families. Over that time, we've built strong relationships with local health providers, faith organizations and community resources, all of which extend our circle of care. Sagepoint was even awarded the Charles County Chamber of Commerce's **2017 Nonprofit of the Year Award**. And as a nonprofit organization, we're uniquely able to reinvest our resources into better serving our residents and community.

"Everyone who cared for me did so with tenderness, a loving spirit and professional service. All the staff made my stay a wonderful experience. My family and I cannot thank you enough for helping me heal."

— Rose Goode

Preparing for the Future

In Charles County alone, the population of 85+ is projected to grow by 31%. Programs and services must be readied today to serve seniors tomorrow as they move into their 80s and 90s, including those who can least afford care.

Sagepoint is fast becoming a trusted leader for seniors, helping them find the services they need to live their lives to the fullest. Since changing its name to "Sagepoint Senior Living Services" from "Charles County Nursing and Rehabilitation Center," Sagepoint has adopted a comprehensive vision to achieve the highest levels of care and innovative services for seniors and to offer trusted solutions for their families.

Quality solutions for every stage of senior care is Sagepoint's goal and our promise to the families who seek our services. To keep pace with the rising demand for programs and services for seniors, Sagepoint relies on the generous support of people like you.

"There's a positive energy and vitality about this organization. We're all about seeking innovation and finding new and better ways to help seniors lead the lives they choose."
